

23 OCT 2010

ATT; MR Neil Patchett

Sir;

On behalf of the ADAMINABY FISHING CLUB and the ADAMINABY COMMUNITY I would like to personally thank NSW MARITIME and COASTALWATCH for their efforts, financial and time wise in the placement of the new webcam and the construction of the new boat ramp at OLD ADAMINABY.

The web cam/boat ramp are a huge success with nothing but good feedback coming in, they are great assets to the community as well as to all fishermen and tourists alike travelling to this area. The first stage of the boat ramp was installed in May of this year and plans for stage two (early next year or sooner) are well advanced, everything going well, completion by May 2011. Without your help these two projects would not have been possible in such a small community.

WE THANK YOU!

WITH kindest regards.....JOHN BRAY

PRESIDENT; ADAMINABY FISHING CLUB,

MONARO ACCLIMATISATION SOCIETY, (ADAMINABY)

MEMBER OF THE LAKE EUCUMBENE CHAMBER OF COMMERCE
