Investigation work in Bella Vista from Monday 29 April

The NSW Government is investing $3.3 million to plan an intersection upgrade at Norwest Boulevard, Lexington Drive and Elizabeth MacArthur Drive, Bella Vista to ease congestion and improve traffic flow along Norwest Boulevard and support and accelerate housing development in the area.

Norwest Boulevard and Lexington Drive, Bella Vista investigation area

Norwest Boulevard in Bella Vista is a key travel route between the M7 and Castle Hill and provides access to Norwest Business Park. However, during morning and evening peak periods the road is heavily congested, causing long delays for road users.

A key cause of congestion is the Norwest Boulevard, Lexington Drive and Elizabeth MacArthur Drive intersection.
Roads and Maritime Services is starting to plan this intersection upgrade. As part of this early planning work, we need to carry out a number of investigations around the intersection. This will involve:

- surveying
- geotechnical investigations
- utility investigations, including digging small holes to identify the location of underground utilities.

**How will the work affect you?**

Most of our investigation work will occur during the day, but some will take place at night. This work can be noisy. We will do everything we can to minimise noise, such as completing noisy tasks before midnight.

**Traffic changes**

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Please keep to speed limits and follow the signs and traffic controllers’ directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
