Tag and pass providers

Tag and pass providers in NSW:
• EToll – 13 18 65 or myetoll.com.au
• Linkt – 13 33 31 or linkt.com.au
• E-Way (tag only) – 1300 555 833
  or tollpay.com.au

If you’re using a toll road in Queensland or Victoria and don’t have a tag, you will need to arrange a pass from a local provider.

Queensland pass providers:
• Linkt – 13 33 31 or linkt.com.au

Victorian pass providers:
• Linkt – 13 33 31 or linkt.com.au
• EastLink – 13 54 65 or eastlink.com.au

Using a rental car on a toll road

Most major rental car companies can provide a tag or arrange a pass when you hire a vehicle.

If you need to arrange a pass yourself, be careful to record the vehicle’s correct state of registration as it could be from interstate.

What happens if I use a toll road without a tag or pass?

If you use a toll road without a tag or pass you will need to arrange payment by contacting a toll provider within three days of your first trip. Otherwise you will receive a toll notice requesting toll payment and an administration fee.

**Paying tolls**

If you’re travelling on the Sydney Motorway Network, chances are you’ll need to pay a toll.

All Australian toll roads are cashless. This means you’ll need an electronic tag or pass to pay your tolls.

An **electronic tag** is a device that you attach to your windscreen. The tag:
- requires a minimum account balance
- is accepted on all toll roads in Australia
- should be attached to your windscreen when travelling on a motorway.

An **electronic pass** uses video images to match your licence plate number to an account. The pass:
- can be purchased before or up to three days after travel and is valid for a period of up to 30 days
- has establishment and video matching fees in addition to the toll
- is accepted only in the state of purchase.

This map only shows roads that are open to traffic. To learn more about other road projects including WestConnex and NorthConnex visit [www.rms.nsw.gov.au/projects](http://www.rms.nsw.gov.au/projects).
